

Our Mission is to provide the highest level of maintenance and testing utilizing state of the art equipment and techniques. Our Pledge is to establish lasting relationships with our customers by exceeding their expectations and gaining their trust through exceptional performance by every member of our team. We are available to meet your needs 24 hours a day.

The principles of J.G. Electrical Testing Corporation each have over 20 years experience in the field. We are all detail oriented individuals that have our own areas of expertise that we bring to the company. This diversity of knowledge is complementary and offers us the ability to fully meet your needs.

We are a labor based company with over 70 percent of our revenue derived from direct labor. To that purpose, our customers needs are our utmost priority. The customer is not dependant on us, we are dependant on them. The customer is not an interruption of our work, they are the purpose of it. We are not doing them a favor by serving them, they are doing us a favor by giving us an opportunity to do so.
